MEDICATION

For the purpose of the policy “medication” shall include all medicines prescribed by a doctor.

It is of the utmost importance that parents alert the school concerning any medical problems that affect your child. Please inform the principal and school nurse if your child has any type of illness, allergy, or general health problems. This VITAL information will enable us to handle a medical emergency.

Any medication required by students must be left in the nurse’s office and administered during the school day as per the following Board of Education policy:

In order to administer prescription drugs in the school, both of the following are necessary:

1. A note from the parent/guardian asking the medication be given to the child. A doctor’s note stating the name of the medication, purpose, dosage and time it is to be given.
2. Medication must be brought to the nurse’s office in the original, labeled container.

According to State Mandate, the certified school nurse or parent/guardian is the only person permitted to administer medication in the school. Therefore, if for any reason a school nurse is not available, it will be the responsibility of the parent/guardian to administer the medication. If there are any questions, please contact your school nurse.

PARENT-TEACHER CONFERENCES

It is vital that teachers and parents communicate their concerns regarding student progress. To comply with this need, regular conferences are scheduled. Such a pattern coincides with the system of grade levels established by this Board and the instructional objectives established for each. A student will be promoted to the succeeding grade level when he/she has:

- 1. Completed the course requirements at the presently assigned grade.
- 2. Demonstrated proficiency to move ahead to the educational program of the next grade.
- 3. Demonstrated the degree of social, emotional, and physical experience in the next grade.

REASONS FOR RETENTION

- 6. Review and analysis of Norm-Referenced and State Mandated testing results shall be considered when the possibility of retention exists.

Grades 4 and 5: Consideration for retention will be made when the pupil has not achieved one or more of the following:

- 2. Has not demonstrated the degree of social, emotional, and physical maturation necessary for a successful learning experience in the next grade level.

- 4. Review and analysis of the Norm-Referenced and State Mandated testing results shall be considered when the possibility of retention exists.

PROCEDURE FOR POSSIBLE RETENTION

When retention is being considered, the teacher shall confer with the Principal and other staff members involved with the student. The parents or guardians shall be invited to a meeting with the teacher, Principal and other appropriate staff members at a parent-teacher conference for discussion of the matter. This discussion shall consist of an explanation to the parents/guardians of the student's proficiency level, the student's ability to achieve, and other factors influencing the decision. Goals will be set. The Principal shall make his/her recommendations to the Chief School Administrator as to whether the student will be retained in that grade. The decision shall be based on recommendations of the teaching staff, evaluation of student progress in remedial programs, and the judgment of the Principal. Final decisions regarding retention shall be made two weeks prior to the closing of school.

PROGRAM TITLE I

The Garfield Board of Education shall be responsible for such preventative and remedial programs, defined herein as Basic Skills Improvement Programs. The district shall comply with all state and federal requirements in developing, implementing, administering, and evaluating funded compensatory education programs.

The Garfield Board of Education has a policy to guarantee the consultation requirement. At least once annually, a public meeting shall be held for the express purpose of informing parents/guardians of the programs and activities provided with Title I funds.
